Attribution must be made to the Publisher in an appropriate manner and form. Notwithstanding the aforementioned rights, the use of the Licensed Material for text and data mining activities must comply with German copyright law (Act on Copyright and Related Rights, Urheberrechtsgesetz - UrhG, as amended by the Act of September 01, 2017), in particular §60 d UrhG;

d. Supply to a user of another library (whether by post, fax or secure electronic transmission) a single copy of an electronic original of an individual document including any supplementary content published in connection to the document. Notwithstanding the aforementioned rights, the Licensed Material may be distributed to users (for example via e-mail) within the scope of the remunerated copy delivery on an individual order in accordance with § 60e Section 5 UrhG;

e. Run test routines, verifying access to all licensed items. Testing conditions will be clearly defined. Usage generated by test runs will not be part of the usage statistics delivered. The Licensee may commission third parties to perform such measures.
